QUALITY POLICY

Zespri is committed to understanding our consumer and customer needs, providing them with products and services that meet or exceed mutually agreed specifications.

To meet this goal, Zespri commits to, and expects its suppliers to:

- Know and comply with the Zespri product quality standards, policies, specifications and procedures
- Work with Zespri to build long term relationships that develop a better understanding of, and deliver to, our customer and consumer requirements
- Work with their growers and suppliers to ensure they understand and meet our customer’s and Zespri’s requirements
- Consistently make improvements in everything they do so that they can routinely exceed expectations
- Continuously improve their systems for management of product quality, food safety, environmental and socially responsible practices
- Manage their business in a sustainable manner so that future generations are not adversely affected
- Only source fruit from varieties developed in natural breeding programmes. Zespri chooses not to develop or market any genetically modified fruit
- Immediately report any issue that could materially affect the quality of Zespri product
